

**MTC** Main Training Course **FC** Free Communications **W** WACC sessions

## SUNDAY, JULY 8

	Forum Hall	Terrace 1	Klub D (level 1)	Terrace 2
8.30				
9.00	<b>MTC1-1</b> HPV - the cause of cervical cancer	<b>MTC3-1</b> Colposcopy The fundamentals	<b>FC1</b> Clinical value of HPV testing	Educational session Gynecological cancer
10.00	Coffee Break			
10.30	<b>MTC1-2</b> Screening and vaccination: new evidence	<b>MTC3-1</b> Colposcopy The fundamentals	<b>FC2</b> HPV testing methods	Educational session Gynecological cancer
12.30	ABBOTT symposium		ROCHE symposium	
13.00				
14.00	<b>MTC1-3</b> The risk based management - current knowledge	<b>MTC3-2</b> HPV, colposcopy & lower genital tract diseases	<b>W1</b> Sharing knowledge & education for cervical cancer prevention	Educational session Gynecological cancer
15.30	Coffee Break			
16.00	<b>MTC2</b> HPV infection & associated diseases in non-cervical sites - facts & figures	<b>MTC3-3</b> Colposcopy Management scenarios	<b>W2</b> Science facing false ideas: how to deal with anti-vaccine groups	Educational session Gynecological cancer
17.30	GEN-PROBE symposium			
19.00	Opening Ceremony in the Forum Hall, followed by Welcome Cocktail (Zoom Restaurant Level 1)			
21.00				

**MSS** Main Scientific Session **SS** Scientific Session **FC** Free Communications **WS** Regional Workshop **SEM** Seminar

## MONDAY, JULY 9

	Forum Hall	North Hall	Terrace 1	Panorama Hall (level 1)
8.00	<b>MSS 1</b> HPV and non-genital human cancers: new challenges	<b>WS 1</b> Regional workshop: Central and Eastern Europe	<b>WS 2</b> Regional workshop: Russia	<b>FC3</b> From HPV infection to diseases
9.30	<b>MSS 2</b> HPV vaccines - update & perspectives			
11.00	Coffee Break			
11.30	MSD symposium			
13.00				
14.00	<b>MSS 3</b> HPV based screening strategies: current knowledge	<b>SEM 1</b> HPV - head & neck	<b>SEM 2</b> HPV and dermatovenereology	<b>SEM 3</b> Anal HPV associated diseases
15.30	<b>MSS 4</b> New screening experiences and HPV vaccine implementation: lessons learned & actions			
17.00	Coffee Break			
17.30	QIAGEN symposium			
19.00				
20.00	Congress Dinner			

**MSS** Main Scientific Session **SS** Scientific Session **FC** Free Communications

## TUESDAY, JULY 10

	Forum Hall	North Hall	Terrace 1	Klub E (level 1)
8.00	<b>MSS 5</b> Hot topics on HPV infection & diseases	<b>SS 1</b> Recent advances in cervical cancer screening	<b>SS 3</b> Advanced topics in epidemiology	<b>FC 5</b> Molecular markers
9.30	<b>MSS 6</b> Advanced topics on screening & vaccination	<b>SS 2</b> Advantages & barriers to self-sampling HPV screening	<b>FC 4</b> Diagnosis and management	<b>FC 6</b> HIV/STIs and HPV infection
10.00				<b>FC 7</b> Anal HPV diseases
11.00	Coffee Break			
11.30	HOLOGIC symposium			
13.00	BD symposium			
14.00			INCELL Dx symposium	
15.00	<b>MSS 7</b> Roadmap 2012 - Cervix and H&N HPV associated cancers: towards comparative insights	<b>SS 4</b> Controversial issues in the field of HPV: how can models help our understanding?	<b>SS 8</b> Update on HPV vaccines	<b>FC 8</b> Cytological screening
15.30	<b>MSS 8</b> New promising strategies using HPV DNA & mRNA testing	<b>SS 5</b> Emerging issues in head & neck HPV associated cancers	<b>SS 9</b> New horizons in antiviral drugs & therapeutic vaccines	<b>FC 9</b> HPV screening
16.30	Coffee Break			
17.00	<b>MSS 9</b> The emerging role of genotyping	<b>SS 6</b> Recent progress & questions related to HPV vaccines	<b>SS 10</b> Recent developments in molecular markers	<b>FC 10</b> New challenges in HPV associated head & neck cancers
18.00	<b>MSS 10</b> Discover the value of molecular markers	<b>SS 7</b> Non-cervical HPV associated diseases	<b>SS 9</b> New insights in low income countries	
19.00				

**MSS** Main Scientific Session **SS** Scientific Session **STC** Satellite training Course

## WEDNESDAY, JULY 11

	Panorama Hall (level 1)	Terrace 1	Terrace 2	Klub D (level 1)	Klub C (level 1)	Room 1.2 (level 1)
8.00						
8.30	<b>MSS 11</b> Heterogeneity of CIN3	<b>SS 12</b> Vaccines in real life - impact - adverse events	<b>SS 16</b> Heterosexual and non-sexual transmission of HPV infection	<b>STC 1</b> Comprehensive colposcopy course + accreditation <small>separate registration required</small>	<b>STC 2</b> Vulvar diseases course + accreditation	<b>STC 3</b> Best practices in publishing clinical and public health research
9.30	<b>MSS 12</b> HPV16 vs other HPV carcinogenic infection: the critical issues	<b>SS 13</b> Advanced topics in immunology / molecular biology	<b>SS 17</b> Emerging issues on HPV infection associated to HIV and other STIs			
11.00	<b>MSS 13</b> HPV DNA & mRNA testing: highlights from current research	<b>SS 14</b> Quality assessment of HPV testing	<b>SS 18</b> HPV screening and accurate management of cytology negative HPV positive women			
12.30	<b>MSS 14</b> Emerging issues in HPV genotyping	<b>SS 15</b> HPV testing methods: recent developments	<b>SS 19</b> Contemporary management of HPV associated genital diseases			
14.00
