

## COLPOSCOPY COURSE

at EUROGIN 2015 - Sevilla - Thursday, 5th February 2015  
(separate registration required - 100 €)

The colposcopy course conducted by 2 highly experienced colposcopists/oncologists. They will present the most up-to-date knowledge relating to colposcopy practice as well as of the management of the cervix and lower genital tract precancer. There will be lectures as well as a very informal interactive tutorial which will be clinically oriented. Topics will range from the basic (i.e. normal cervix) to advanced (i.e. micro-invasion and glandular disease).

A CD (PDF format) of all PowerPoint lectures will be given out.

Coordinators:	Prof. A. Singer (UK) Dr Narendra Pisal (UK)
