

■ MTC: Main Training Course
 ■ MSS: Main Scientific Sessions
 ■ SS: Scientific Sessions
 ■ CS: Clinical Sessions
 ■ HN: HPV & Head and Neck Cancers
 ■ WS: Specialized Workshops*
 ■ Colposcopy Course**
 ■ Workshop Francophone
 ■ FC: Free Communications
 ■ Quality of Life / Genital Restoration

WEDNESDAY, DECEMBER 4

FRIDAY, DECEMBER 6

8:15	Auditorium Camille Blanc	Auric	Van Dongen	Bosio	Poulenc	Lifar
	MTC 01 • Trends and specific aspects of HPV driven cancer	FC 01 • HPV testing and genotyping (I)	WS 01 • Workshop HPV immunization - Part I	FC 03 • Epidemiology and natural history (I)	HN 01 • Head & Neck Forum - Treatment	FC 05 • Public Health / Education (I)
9:45	Coffee Break	Coffee Break	Coffee Break	Coffee Break	Coffee Break	Coffee Break
10:15	MTC 02 • Revisiting the progress, practices and implementation of HPV based screening	FC 02 • HPV prophylactic vaccines (I)	WS 01 • Workshop HPV immunization -Part II	FC 04 • Epidemiology and natural history (II)	HN 02 • Screening for HPV (I)	FC 06 • Low resource settings
11:45	ROCHE Satellite Symposium	Lunch Break	Lunch Break	Lunch Break	Lunch Break	Lunch Break
12:00						
13:15	MTC 03 • Updating HPV immunization worldwide, the state of the art and new challenges	FC 07 • Epidemiology and natural history (III)	SS 01 • Updating triage methods in HPV-based screening, an international experience	WS 03 • Workshop vulvar and anal diseases Part I	HN 03 • Screening for HPV (II)	WS 02 • Cervical cancer screening quality assurance - Part I
15:00	Coffee Break	Coffee Break	Coffee Break	Coffee Break	Coffee Break	Coffee Break
15:30	MTC 04 • Recent developments in HPV research	SS 03 • HPV vaccination in adults	SS 02 • HPV and molecular testing of self-collected samples	WS 03 • Workshop vulvar and anal diseases Part II	HN 04 A • HPV and Oropharynx / Head & Neck Cancer	WS 02 • Cervical cancer screening quality assurance - Part II
17:00		FC 08 • HPV prophylactic vaccines (II)	QIAGEN Satellite Symposium		HN 04 B • HPV and Oropharynx / Head & Neck Cancer	
18:30	18:45 • Opening Ceremony - Auditorium Camille Blanc					

8:00	Auditorium Camille Blanc	Auric	Van Dongen	Bosio	Poulenc	Lifar
	MSS 06 • Towards cervical cancer elimination: what do we need to know?	CS 06 • HPV vaccination and use of new technologies in women at high risk of cervical disease	FC 14 • HPV screening (II)	FC 15 • Self-sampling (II)	SS 09 • Screening for anal cancer precursors in women	FC 17 • Molecular markers (I)
9:30	Coffee Break	Coffee Break	Coffee Break	Coffee Break	Coffee Break	Coffee Break
10:00	MSS 07 • Artificial intelligence: digital pathology and machine learning applications	CS 07 • Cervical neoplasia - Stump the expert (Interactive session)	SS 10 • Cervical screening of vaccinated birth cohorts	FC 16 • Self-sampling (III)	FC 19 • Colposcopy / Management (I)	FC 18 • Anal neoplasia
11:30	Lunch Break	Lunch Break	ABBOTT Satellite Symposium	Lunch Break	Lunch Break	Lunch Break
13:00	HOLOGIC Satellite Symposium	CS 08 • Management / Colposcopy				
14:15	MSS 08 • Challenges for HPV self-sampling as primary screening tool in organized cervical screening	CS 09 • Treatment of anal cancer precursors	SS 11 • Control of high-risk HPV transmission in clinical practice	FC 20 • Molecular markers (II)	CP • Colposcopy Course	GR 01 • Improving genital quality of life in healthy women
15:00	Coffee Break	Coffee Break	Coffee Break	Coffee Break	Coffee Break	Coffee Break
15:30	MSS 09 • Cervical screening programs from a flow-chart point of view	CS 10 • Microbiome	SS 12 • Therapeutic options for low-risk HPV infection and disease		CP • Colposcopy Course	GR 02 • Tissue action mechanisms
17:00	MSS 10 • Risk-based HPV screening: switching from one-size-fitsall programs to personalized screening programs	CS 11 • How to act against fake news, anti-vaccination movements and manipulation of public opinion	SS 13 • Immune responses to HPV infection	FC 21/22 • Methylation (I)	FC 23 • Colposcopy / Management (II)	GR 03 • Mechanisms of tissue actions
18:15						GR 04 • Vulvovaginal pain and sexual dysfunction

THURSDAY, DECEMBER 5

SATURDAY, DECEMBER 7

8:00	Auditorium Prince Pierre	Auditorium Camille Blanc	Auric	Van Dongen	Bosio	Poulenc
	MSS 01 • Ecology of HPV in the post vaccination era	SS 04 • Wider use of HPV self-sampling in screening programs: current practice	CS 01 • The best strategies to prevent and to follow women after conisation for CIN3	SS 06 • Cervical cancers screening and immunization in low and middle income countries		HN 05 • Head & Neck Forum - Surveillance for recurrent HPV
9:30	MSS 02 • New triage approaches for HPV-positive women, what is the evidence?	SS 05 • Total protection and durability of the HPV vaccines	CS 02 • Risk and prevention of cervical cancers in post-menopausal women	SS 07 • First void urine as a biomarker source for primary and secondary cancer prevention	WF I • Les cancers HPV induits en France	HN 06 • Molecular characterization / Emerging biomarkers of HPV positive OPSCC
11:00	Coffee Break	Coffee Break	Coffee Break	Coffee Break	WF II • Dépistage HPV du cancer du col, nouvelles directions et mise en œuvre en période de transition	Coffee Break
11:30	MSD Satellite Symposium					
12:45	Lunch Break	BD Satellite Symposium	Lunch Break	Lunch Break	Lunch Break	Lunch Break
14:00	MSS 03 • Pro-Con session - hot topics	FC 09 • HPV prophylactic vaccines (III)	CS 03 • LLETZ	FC 11 • Self-sampling (I)	WF III - Les initiatives françaises (Table ronde)	HN 07 • HPV and RRP: confronting the challenge of a rare disease
15:30	Coffee Break	Coffee Break	Coffee Break	Coffee Break	WF IV - Vaccination HPV, la France dans le monde	Coffee Break
16:00	MSS 04 • Vaccinating adult women and men - a new challenge for populations at risk	FC 10 • HPV screening (I)	CS 04 • HPV assays from practice to research development	FC 12 • Public Health / Education (II)	WF V - Les nouveaux enjeux de la communication sur l'HPV	HN 08 • HPV and oropharynx / Head & Neck cancer (submitted papers)
17:30	MSS 05 • Methylation: from molecular biology to clinical practice	SS 08 • Effect of HIV on HPV and related cancers	CS 05 • Age to start and to stop screening and how it will change with HPV	FC 13 • HPV testing and genotyping (II)		PROCARE Satellite Symposium
19:00						

8:00	Auric	Van Dongen	Bosio	Lifar
	SS 14 • HPV based screening for cervical cancer	FC 24 • HPV prophylactic vaccines (IV)	FC 27 • HPV screening (III)	GR 05 • Plastic reconstruction surgery after surgery after vulvovaginal and anal cancer
10:15	SS 15 • Validation of HPV assays for primary screening	FC 25 • Viral and molecular biology	FC 28 • HPV screening (IV)	GR 06 • Medicine and regenerative surgery
11:00	SS 16 • Update on next generation sequencing research	FC 26 • Immunology	FC 29 • Screening methods	GR 07 • Videos of demonstrations by laboratories with experts comments
12:45				GR 08 • Round table

*Included in congress registration
 **Registration upgrade required
