

Waste Management

You will find further information at section 6.1.3, 7.1.2 of the Technical Guidelines

Hall/Stand number:

Event:

Exhibitors shall immediately dispose of* or register for disposal any waste and/or residual materials produced during the event or stand construction and dismantling. Hall aisles / escape routes must not be obstructed by waste at any time.

■ Carpeting**, stand elements or mixed waste are deemed to be waste or residual material and must be reported for disposal. **Waste or residual materials which have not been reported and/or remain in the hall after you leave your fair stand are subject to an increased charge of Euro 520.00/m³.**

■ Production waste of all kinds, like metal, paper, glass, plastics and special waste must be reported for disposal.

■ Hazardous waste may not be included with normal waste. Production waste, such as substances mixed with oil or emulsions, are considered hazardous waste.

■ Batteries, oil, solvents in small quantities and paint residues in receptacles, etc., are to be disposed in the containers provided for this purpose at the special waste stations.

■ **Any catering waste at your fair stand can be reported using Form "Waste Disposal" of the Technical Guidelines and disposed of by our authorized cleaning companies.**

*Statute requires that the person causing waste must arrange for its proper removal (Waste Avoidance, Recycling and Management Act of 27. 9. 1994, Federal Law Gazette I, p. 2705).

Please note that carpeting may only be secured with **fully-removable rip-off adhesive tape and PE/PP covering foil fastened with **PE/PP tape** only. Please roll carpeting and leave at your stand. Cover foil will be collected from your stand. After dismantling, our staff will sign for stand areas left to requirements.
