HPV INDUCED CANCERS

Exploring Knowledge, Priorities and Visions

Congress Presidents: Joakim Dillner (Sweden), Peter Snijders (Netherlands)

October 8-11, 2017 • Amsterdam, Netherlands
POST MEETING REPORT

ATTENDANCE

With **1,531 delegates from 71 different countries**, the attendance level of the EUROGIN 2017 congress increased compared to the last edition in Salzburg (June 2016).

The local factor played a significant impact (the sessions in Dutch language designed for participants from The Netherlands and Flanders) with delegate numbers from Belgium and the Netherlands reaching record levels (126 from the Netherlands and 66 from Belgium, not distinguishing regions).

Participant numbers from Eastern Europe are virtually unchanged and those from Latin America are slightly higher compared to the previous year. The level of participants from Asia and Oceania did not reach the record level seen in 2016 but remained satisfactory with 164 delegates.

ATTENDANCE of sessions

Almost all sessions showed very satisfactory levels of attendance.

In some cases, the capacities of the conference rooms were stretched to their limits.

- **Main training course** including 4 modules
- **7 main scientific sessions**
- **18 other scientific sessions**
- **8 clinical sessions**
- **HPV and Head & Neck Forum** with 10 sessions
- **4 specialized workshops**
- **3 specific language workshops (Dutch, Spanish, Portuguese)**
- **22 Free communication sessions**

CME - CONTINUING MEDICAL EDUCATION

The EUROGIN 2017 congress has been accredited by the European Accreditation Council for Continuing Medical Education (EACCME) as a CME activity for medical specialists with a maximum of 21 European CME credits (ECMEC).

ECMECs are recognized by the American Medical Association towards the Physician's Recognition Award (PRA) and by the Royal College of Physicians and Surgeons of Canada as Accredited Group Learning Activities (Section1).

SPEAKERS • PRESENTATIONS • ABSTRACTS

- Number of speakers: a total of **458 speakers**
- **210 EUROGIN faculty members** (invited speakers)
- **19 members of the local scientific committee** (Dutch language workshop)
- Number of oral presentations: **592**

These include presentations in the following sessions: Main Training course, Main Scientific sessions, Scientific sessions, Clinical Sessions, Educational/WACC sessions, Free Communications, Specialized Workshops, Specific language Workshops.

Number of posters: **156**

Total number of abstracts submitted: **622**

Total number of abstracts accepted and presented: **414**, of which: **258 non-invited oral presentations and 156 posters**

All abstracts are available for download on the EUROGIN 2017 website www.eurogin.com/2017

EUROGIN GRANTS

The EUROGIN Organizing Committee awarded several grants for the best proffered papers submitted by young researchers and applicants from low-income countries. The grants consisted of free registration and in some cases also accommodation and travel support.

EXHIBITION

The exhibition area offered generous space and easy access for stand builders.

31 exhibitors • 490 m² of exhibits

Exhibitors from all over the world presented a wide range of products and services, many of them specifically related to HPV infection and related diseases. Many delegates showed interest in the exhibition and used the opportunity to learn more about recent technological developments.

BRONZE SPONSORS

OTHER SPONSORS AND EXHIBITORS

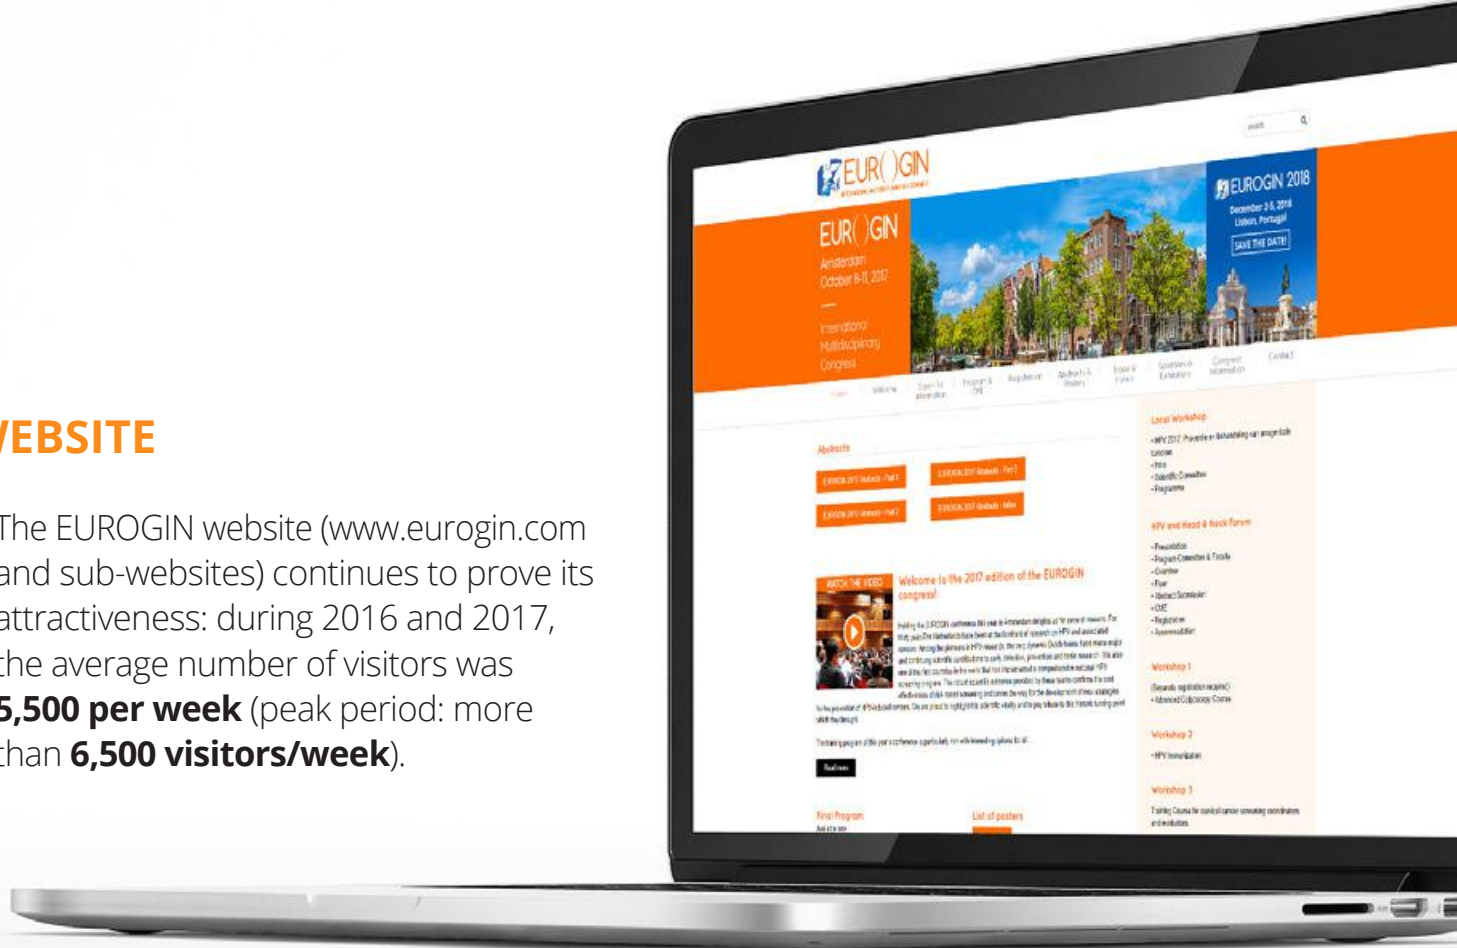

SATELLITE SYMPOSIA

7 sponsored satellite symposia were organized by industrial partners at lunchtime or in the afternoon. Attendance was generally very satisfactory with variations

according to the topics and time slots. Most attendees at satellite symposia are highly motivated to learn about the data and experience offered.

WEBSITE

The EUROGIN website (www.eurogin.com and sub-websites) continues to prove its attractiveness: during 2016 and 2017, the average number of visitors was **5,500 per week** (peak period: more than **6,500 visitors/week**).

CONGRESS APP

The EUROGIN 2017 congress app offered:

- **Practical information** (floorplan, exhibitors, CME, ...)
- Quick access to **all program details**.
- A search function **to find sessions by date, topic or speaker**.
- Links between **presentations and abstracts**.

This direct access to specific abstracts was particularly appreciated. The congress app was used by an increasing number of delegates.
