## THANK YOU MESSAGE

Since its establishment 30 years ago, EUROGIN has earned its place as a premier international conference dedicated to HPV infection and associated cancers research. The 2025 congress in Porto has once again demonstrated its vital role as a platform for high-level scientific exchange across multiple disciplines, successfully bridging the gap between research and clinical practice. Through the expertise of our distinguished program committee, we have delivered cutting-edge scientific content covering the complete spectrum of HPV-related diseases.

The wealth of research presented during this conference reinforces our determination toward the WHO's goal of eliminating HPV-related cancers by 2030. The breadth and depth of scientific presentations, particularly in emerging areas such as artificial intelligence in diagnostics and treatment, showcase the remarkable progress in our field. Nevertheless, significant challenges persist, and we must maintain our commitment to ensuring worldwide accessibility and implementation of existing and emerging preventive tools.

This year marks a significant milestone – EUROGIN's 30<sup>th</sup> Anniversary – a time to honor the achievements that have shaped the landscape of HPV research and clinical management. A special session paid tribute to the pioneers whose groundbreaking work revolutionized screening, prevention, and treatment strategies, setting the stage for the advancements of today and tomorrow. The congress has also maintained its tradition of empowering and fostering emerging scientific talent in the field of HPV research by offering several grants to candidates from countries with limited resources.

I want to express our profound gratitude to all scientists whose groundbreaking research and innovations are essential to shaping the future of HPV prevention and treatment. On behalf of the EUROGIN Organizing Committee, thank you for making EUROGIN 2025 an outstanding success!

**Joseph MONSONEGO**  
**Chairman of the Scientific Committee**

## ATTENDANCE BREAKDOWN

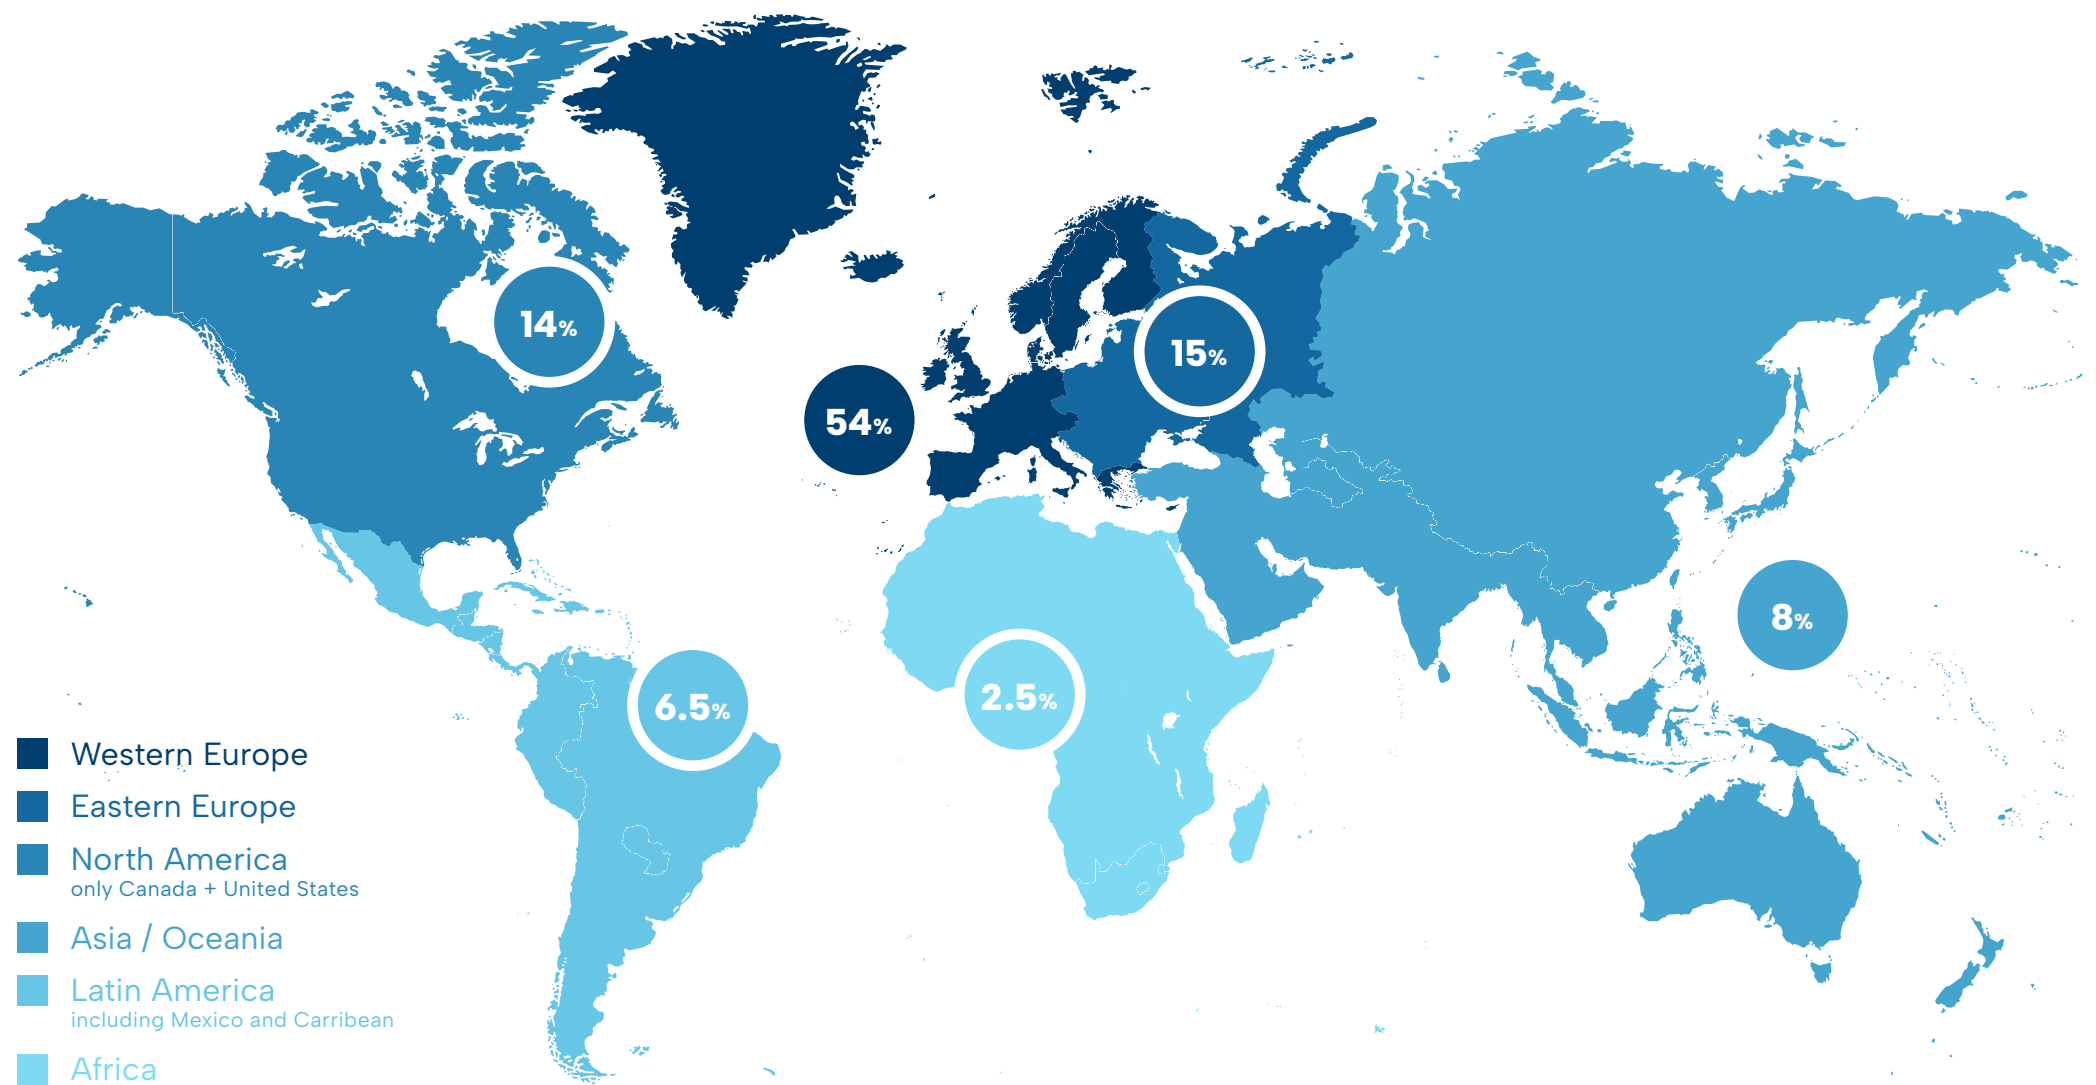

**1 768**  
registered participants

**79**  
countries

# GEOGRAPHICAL BREAKDOWN

## PROFESSIONAL PROFILES BREAKDOWN

**60%**

Health care professionals

**70%**

Gynecologists

**30%**

Other specialities\*

\*Oncologists, Virologists, ENT specialists, Public health specialists...

\*\* Booth personel + scientific

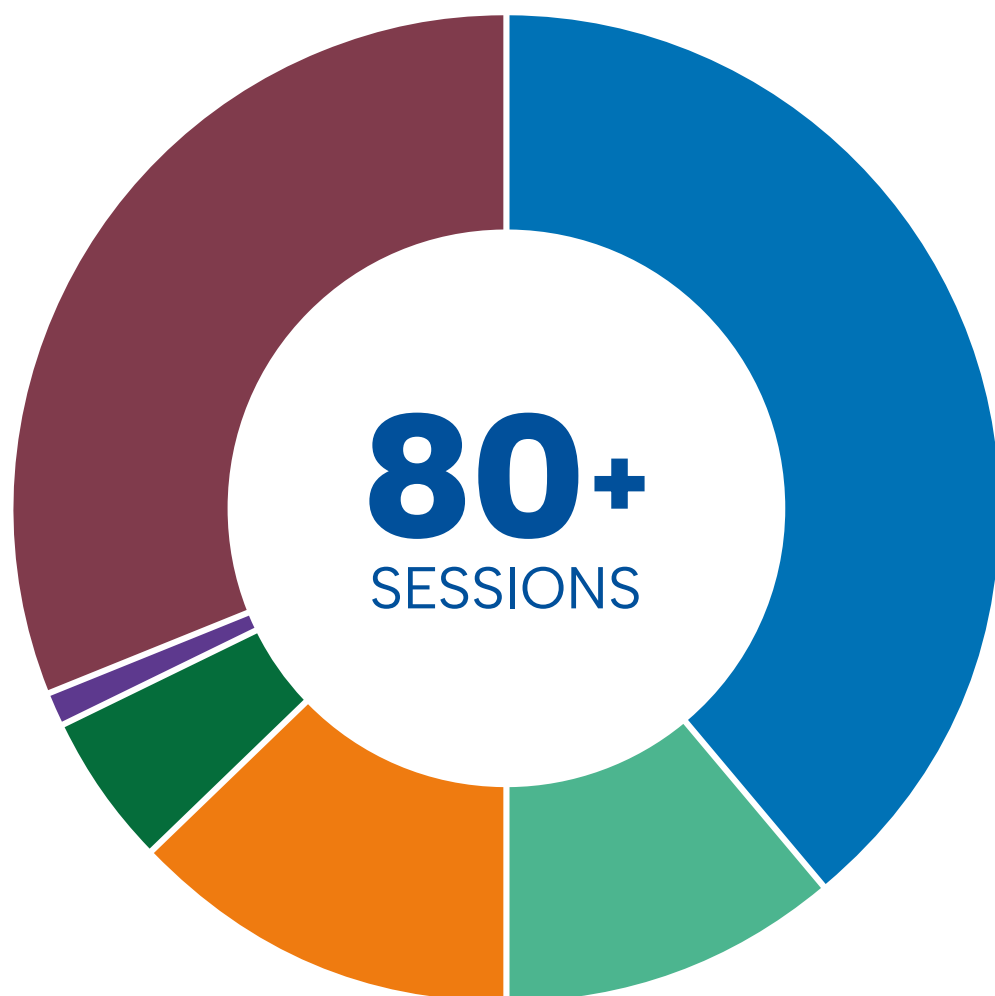

**10%**

Exhibitor staff\*\*

# PROGRAM STRUCTURE

## SESSION CATEGORIES BREAKDOWN

**32** Scientific Sessions

**9** Clinical Sessions

**11** HPV & Head and Neck Forum Sessions

**4** Specialized Workshops

**1** Full-day Lusophone Workshop

**26** Free Communications Sessions

**95**  
Posters

**6**  
Industry Sponsored Satellite Symposia

**30** Years EUROGIN Anniversary Ceremony

# PROGRAM STRUCTURE

## ATTENDANCE INTERESTS

### ATTENDANCE OF SESSION CATEGORIES

#### Clinical Sessions

The strong interest in clinical sessions was confirmed at EUROGIN 2025, to a point that the conference rooms were always full and sometimes too small.

#### Cervical Cancer Screening

Sessions on this topic were very well attended.

### INNOVATIVE PROGRAM FEATURES

#### Artificial Intelligence Forum

The EUROGIN 2025 Congress featured again a half-day forum on HPV and artificial intelligence. This innovative program section met with a lot of interest and is bound to be further developed in the future.

#### HPV and Head & Neck Forum

The Forum on HPV and Head & Neck cancer has become a very well established program section at EUROGIN. The sessions, which extended over 2 days, covering a large array of aspects of HPV in head & neck cancer, were headed by outstanding international experts. This program part continues to attract a growing audience.

### CME ACCREDITATION (Continuing Medical Education)

The EUROGIN 2025, Porto, Portugal 16/03/2025 - 19/03/2025, has been accredited by the European Accreditation Council for Continuing Medical Education (EACCME®) with 23.0 European CME credits (ECMEC®s).

Each medical specialist should claim only those hours of credit that he/she actually spent in the educational activity.

## PRESENTERS & PRESENTATIONS BREAKDOWN

**531**

Speakers &amp; Poster presenters

**264**

Faculty Members

**95**

Posters

**616**

Presentations

*These include presentations in the following sessions:  
Scientific sessions, Clinical sessions, Specialized workshops, HPV and Head & Neck sessions, 30 Years Anniversary session, Free communications.  
They do not include presentations in sponsored symposia.*

### EUROGIN GRANTS

The EUROGIN Organizing Committee awarded several grants for proffered papers submitted by young researchers and applicants from low-income countries.

All grants included free registration, and administrative support and several grants also covered accommodation and travel.

### SATELLITE SYMPOSIA

6 sponsored satellite symposia were organized by industrial partners at lunchtime or in the afternoon.

Attendance was generally very satisfactory with variations according to the topics and time slots. Most attendees at satellite symposia are highly motivated to learn about the data and experience offered.

## TESTIMONIALS

“  
The congress was incredible  
- great sessions, fantastic  
venue, lots of learning.  
”

“  
Excellent program.  
”

“  
I like the high scientific quality of all the exposure, the distributions  
in different rooms and groupings around the same theme.  
”

“  
I enjoyed the venue very much.  
The distribution of the scientific sessions was also strategic in order  
to attend those that interested me the most.  
”

“  
As a first timer to Eurogin, I was really pleased.  
Topics are very relevant and a lot of information I can use  
in my daily practice.  
”

“  
Enjoyed the content  
and quality of talks...  
”

“  
All the lectures were very good, with updates  
on very important topics. The space was very beautiful  
and organized.  
”

“  
Head & Neck Sessions were outstanding.  
The discussions were interesting,  
and the audience was heavily engaged.  
”

## TESTIMONIALS

“

So many fantastic talks to listen to that dealt with screening issues we deal with daily in our programme.  
Inspiring to see the achievements of others who have work so hard, so effectively and collaboratively to achieve so much.

”

“

Highly informative, high-quality presentations.  
Excellent opportunities for networking and discussion  
with commercial partners.

”

“

I appreciated the expertise  
of many speakers.

”

“

The mix of clinical  
and scientific sessions  
was great.

”

“

Excellent meeting!

”

“

I believe the congress went  
very well.

”

“

I had a great experience at EUROGIN.  
The conference was intense, with full days of lectures...

”

## TESTIMONIALS

“

The content was excellent,  
the global attendance from several areas  
of the globe was very good.

”

“

All the discussions were pretty great,  
booths too. I enjoyed every session  
I attended.

”

“

A great mix of presentations  
and posters and opportunities to catch up  
with colleagues from all over the world.

”

“

The high level of science and expertise of this event position  
it as a «must go» every year.  
The edition of 2025 in Porto was outstanding.

”

“

Great opportunity to network  
and get inspiration from the many  
interesting talks.

”

“

A lot of scientific sessions  
that talks about a great  
variety of topics.

”

“

The networking is great and you have a wide array of commercial  
sponsors that help us gather the latest availabilities in the tools  
we have to prevent HPV, continue your great job!

”

“

The head and neck sessions  
were very high quality...

”

## TESTIMONIALS

“

Technical presentations were extremely worthwhile and interesting.  
I also enjoyed the company exhibition space.  
I also found the app very useful, particularly being able to connect  
and see abstracts via the app.

”

“

I love the multidisciplinary  
environment and sharing  
of ideas. The meeting is very  
well run.

”

“

I enjoyed the sessions,  
good quality information.  
Learned quite a lot.

”

“

I particularly appreciated the conference's intersection between basic science and clinical research.  
Additionally, I enjoyed the many presentations by renowned scientists, which helped address essential gaps in both research and clinical practice.  
The opportunity to network with these experts was another highlight of the conference.

”

“

This was my first meeting and I really enjoyed it. Plentiful interesting  
presentations and discussions.

”

“

I enjoyed very much EUROGIN. It was my first attendance  
to this meeting and I was very much impressed with the level  
of the sessions and of the talks.

”
