EUROGIN INTERNATIONAL MULTIDISCIPLINARY HPV CONGRESS FEBRUARY 10 | 13 2027

LIST OF SESSIONS

Workshops

Workshop Italia

Prevenzione dei Cancri HPV associati: Nuovi temi ed evidenze

Coordinatore: Paolo Giorgi Rossi, Paolo Bonanni, Francesca Carozzi, Clementina Cocuzza, Mario Preti, Marianna Martinelli, Rosa De Vincenzo, Annarosa del Mistro, Tiziana Lazzarotto

- **Venerdì 12 Febbraio**
  - I. Integrazione tra vaccinazione e screening
  - II. Biomarker nello screening e nel trattamento
- **Sabato 13 Febbraio**
  - III. Intelligenza artificiale in colposcopia e temi aperti
  - IV. Prevenzione secondaria dei tumori anali e testa-collo

HPV and Head & Neck Forum

From early detection to survivorship: Advancing care in HPV-related head & neck cancer

Coordinators: Cecile Badoual (France) - Alexandra Kejner (USA) - Jens Peter Klussmann (Germany) - Haitham Mirghani (France) - Shama Virani (France) - Melina Windon (USA)

- **Thursday, February 11**
  - I. Submitted papers I
  - II. Epidemiology and prevention of HPV+ head and neck cancers
  - III. Trial updates I: Screening/ Early detection / Care delivery
  - IV. Trial updates II: Treatment
  - V. Submitted papers II
- **Friday, February 12**
  - VI. New biological insights into HPV+ OPC
  - VII. Prognostic modeling and personalized treatment
  - VIII. Recurrent and metastatic HPV+ OPC
  - IX. Living well after HPV-associated head and neck cancer: Survivorship and surveillance care delivery
  - X. Recurrent respiratory papillomatosis – Scientific and clinical updates

HPV and Anal Diseases Forum

Toward an integrated system for secondary prevention and treatment of anal cancer

Coordinators: Joel Palefsky (USA) - Stephen E. Goldstone (USA) - Renske Steenbergen (Netherlands) - Anna Coghill (USA) - Meredith Shiels (USA)

- I. Screening for anal high-grade squamous intraepithelial lesions (HSIL) and anal cancer
- II. Treatment of anal high grade squamous intraepithelial lesions (HSIL)
- III. Treatment of anal cancer
- IV. Current advances in anal disease management
- V. Drivers of global anal cancer incidence – HPV, HIV, screening and classification

Artificial Intelligence Forum

Coordinators: Joseph Monsonego (France) - Sreenath Madathil (Canada) - Nicolas Wentzensen (USA)

China Workshop

Pioneering the era of integrated management for lower genital tract and anal precancerous lesions

Coordinators: Long Sui (China) - Yun Zhao (China)

Colposcopy Course

Chair: Jacob Bornstein (Israel) - Long Sui (China)

Cervical Cancer Screening Workshop

Chair: Angelique Bouma (Netherlands) - Laura Cloostermans (Netherlands) - Miriam Elfström (Sweden)

Epidemiology

Incidence trends in HPV-related cancers, effect of vaccine on cancer rates, geographic heterogeneity

Chair: Amber D'Souza (USA)

Screening

Emerging molecular approaches in cervical screening: A guide for clinicians

Chair: Laila Sara Arroyo Mühr (Sweden) - Milan Stosic (Norway)

Cytology-free screening programs: Principles and practice

Chair: Partha Basu (France) - Joakim Dillner (Sweden)

HPV vaccination and cervical screening:
How and when do we screen vaccinated women for cervical disease and cancer

Chair: Kate Cuschieri (UK) - Tim Palmer (UK)

Closing the loops: Implementation solutions for HPV screening in low-resource settings

Chair: Silvia de Sanjosé (Spain) - Federica Inturrisi (Italy)

Self-sampling

Quality outcomes after implementation of self-collection in Regional or National cervical screening programs

Chair: David Hawkes (Australia)

Bridging the implementation gap in self-sampling for routine cervical cancer screening

Chair: Miriam Elfström (Sweden) - Mette Tranberg (Denmark)

New evidence for self-sampling in screening programmes

Chair: Clare Gilham (UK) - Marc Arbyn (Belgium)

The utility of urine for improved gynaecological cancer prevention

Chair: Renske Steenbergen (Netherlands) - Severien Van Keer (Belgium) - Bart Hesselink (Netherlands)

First-void urine for long-term HPV vaccine impact monitoring in LMICs:
Insights from Gavi pilot and national immunization program cohorts in Kenya, Senegal and Uganda

Chair: Alex Vorsters (Belgium) - Nelly Mugo (Kenya)

Vaccination

Maximizing the impact of single-dose HPV vaccination to accelerate control of HPV-driven cancers
Chair: Aimee R. Kreimer (USA) - Marc Brisson (Canada)

Vaccinating for elimination: Closing the HPV prevention gap
Chair: Jiayao Lei (Sweden) - Julia Brotherton (Australia)

Is human papillomavirus vaccination followed by HPV type-replacement?
Chair: Matti Lehtinen (Sweden)

HPV vaccination benefits in adult women aged 25-45: Modelling insights synthesis and update
Chair: Yao-Hsuan Chen (UK) - Beate Jahn (Austria)

The next frontier in HPV vaccination
Chair to be confirmed

Elimination

United for elimination: Country-driven strategies to end cervical cancer
Chair: Sharon Hanley (UK) - Miriam Elfström (Sweden)

Overview of the European commission initiative on cervical cancer (EC-CvC)
Chair: Katayoun Taghavi (France)

From prevention to elimination:
JA SHIELD's integrated approach to reducing HPV-related cancers across Europe
Chair: Dorthe Raben (Denmark) - Sharon Dhillon (Belgium) - Helene De Pauw (Belgium)

Risk stratification

Risk stratification in cervical cancer prevention
Chair: Paolo Giorgi Rossi (Italy) - Peter Sasieni (UK)

Clinical

The enigma of cervical adenocarcinoma in situ: The glandular blind spot – Rethinking cervical AIS
Chair: Jacob Bornstein (Israel) - Zvi Vaknin (Israel)

From science to clinical decisions: New frontiers in VIN and vulvar cancer prevention
Chair: Jacob Bornstein (Israel) - Monika Hampl (Germany)

HPV "treatments": Evidence, regulation, and guidance for clinicians
Chair: Laila Sara Arroyo Mühr (Sweden) - Suzanne Garland (Australia)

The hidden cervix – The invisible SCJ challenge: What do you do when you see nothing?
Chair: Silvia de Sanjosé (Spain) - Federica Inturrisi (Italy)

Cervix cancer screening for women over 50 – Clinical and scientific considerations
Chair: Miriam Elfström (Sweden) - Gina Ogilvie (Canada)

From laboratory dignal to clinical decision: Using HPV Ct values to guide clinical management
Chair: Jiayao Lei (Sweden) - Peter Sasieni (UK)

Optimizing HPV triage strategies: current and emerging options
Chair: Joakim Dillner (Sweden) - Nicolas Wentzensen (USA)

Listening and learning: What is people's real experience with cervical cancer prevention and management?
Chair: Martina Alberani (Italy) - Paolo Giorgi Rossi (Italy)

HPV controversies: Challenging current paradigms in prevention and clinical practice
Chair to be confirmed

Pediatric HPV: Transmission, systemic impact, and the reality of RRP
Chair: Karolina Louvanto (Sweden) - Helen Trottier (Canada)

Molecular biology / Laboratory

Global HPV laboratory network support for cervical cancer elimination:
Quality, capacity, validation and innovation
Chair: Laila Sara Arroyo Mühr (Sweden) - Clementina Cocuzza (Italy)

Navigating technical challenges and opportunities in the early stages of point-of-care test development
Chair: Ella Boswell (UK) - Federica Inturrisi (Italy)

HPV-BRIDGE (HPV – Biomarker Roadmap for Implementing Diagnostics, Guidance and Evaluation)
Chair: *To be confirmed*

Validation of new HPV tests
Chair: Marc Arbyn (Belgium) - Clementina Cocuzza (Italy)

Microbiome

Microbiome: What are the next steps?
Chair: Mette Tranberg (Denmark) - Anna Barbara Moscicki (USA)

Microbiome, metabolomics and cervical cancer prevention:
From HPV natural history to treatment outcomes
Chair: Katayoun Taghavi (France)

HPV and the microbiome: Biomarker discovery, mechanisms and opportunities for translational outcomes
Chair: Gina Ogilvie (Canada) - Laurie Smith (Canada)

Methylation

Methylation: Implementation strategies for anogenital cancer screening and beyond
Chair: Bart Hesselink (Netherlands) - Renske Steenbergen (Netherlands) - Severien Van Keer (Belgium)

Translating methylation biomarkers into screening programs: From validation to real-world impact
Chair: Danielle Heideman (Netherlands) - Bea Wisman (Netherlands)

Immunocompromized

HPV/cancer prevention in solid organ transplant patients: Vaccination, screening, and future directions
Chair: Marc Goodman (USA) - Margaret Madeleine (USA)

How to optimize cervical cancer screening among women living with HIV
Chair: Anna Giuliano (USA)

Transgender

HPV-related disease in transgender and non-binary individuals
Chair: Hanna Milerad (Sweden) - Tim J. Palmer (UK) - Anna-Barbara Moscicki (USA)

Other

Behavioral science, trust, hesitancy and patient-centered outcomes
Chair: Ilya Olkov (France) - Efraim Siegler (Israel)

HPV research in Central and Eastern Europe: Great success with scarce resources
Chair: Mario Poljak (Slovenia) - Andrzej Nowakowski (Poland)

Debate session
Chair: Kate Cuschieri (UK) - Tim Palmer (UK)
